

General purchasing conditions Another Star

These General Purchasing Conditions contain the terms and conditions that govern all our purchases and should be as simple and straightforward as our service offering. Do challenge us if you feel that we haven't done a good job on this. In these conditions "Another Star", "we" or "us" means Another Star Holding B.V., a limited liability company under the laws of the Netherlands, and its subsidiaries, as applicable based on the place of business of our purchasing entity, "you" means the vendor that has issued us with an offer or has entered into an agreement with us for the procurement of products and/or services.

GENERAL PART

1. GENERAL PROVISIONS AND APPLICABILITY

- 1.1 These General Purchasing Conditions (these "conditions") apply each time we purchase products or services from you or have requested you to provide us with an offer for such purchase.
- 1.2 Our motto is to provide our guests with luxury at an affordable price. We can only do so in close collaboration with you. To enable us to fulfil our motto we need you to at least: (i) meet our specifications, (ii) be on time with your delivery, (iii) unless instructed by us you are responsible to provide packaging in a suitable manner to ensure that goods and/or services are delivered in good order, and (iv) in case of a breakdown, service or repair products in a manner which costs us the least amount of money, unless the products are covered by warranty in which case the service or repair will be free of charge. To the extent any of the terms and conditions below need explaining, you agree that such explanation always presumes this need.
- 1.3 Any deviation from these conditions needs to be agreed to in writing in order to be valid.
- 1.4 Each agreement between you and us for the purchase of products and/or services from you, will be subject solely to these conditions and the other documents stated in article 2.3, unless we have agreed with you otherwise. Your standard general terms and conditions will therefore not apply to our purchase of products or services from you. As far as required your standard general terms and conditions are hereby refuted explicitly.

2. ORDERING PROCEDURE, PURCHASE ORDERS, THE AGREEMENT

- 2.1 If we decide to order the products or services from you, we will issue you with a purchase order (PO). There is no agreement without a written or electronic purchase order ([No PO no Pay policy](#)), so make sure you have us issue you with one. If it has an apparent error, an omission or not enough funds, do inform us about it. If you don't, the negative consequences of the error are solely for your account. Therefore, read each of our purchase orders and check them thoroughly before you start performing your obligations.

- 2.2 Please express your acceptance or rejection of the purchase order within ten (10) working days after it has been issued by us. You will be deemed to have accepted our purchase order if you have not rejected the purchase order within ten (10) working days after it has been issued by us or, alternatively if this date is earlier, on the date that you have started performing the agreed obligations. The result of your acceptance will be that a binding agreement (the "agreement") has been executed between us and you.
- 2.3 Each agreement is composed of your offer (if any), these conditions and the purchase order. In case of a conflict, our documents take precedence over yours.
- 2.4 We are entitled to modify, reschedule or cancel, in whole or in part, a concluded agreement, by notifying you ultimately fourteen (14) days prior to the agreed delivery date for products or, for services, the start date for the delivery of the services. In such a case, we will pay for any direct, reasonable and demonstrable costs (excluding any loss of business, revenue, profit, goodwill, savings and turnover) that are incurred by you because of such modification, rescheduling or cancellation. In case of modifying or rescheduling of a concluded agreement, you agree to do your best to accommodate such a request.
- 2.5 You will deliver to us the products and/or services in the quantity and in accordance with the description provided in the agreement and specified on the purchase order, in exchange for our payment of the agreed purchase price as listed on the purchase order.

3. TIMETABLE

- 3.1 Timeliness is imperative for a cost-efficient day to day operation of our hotels. Therefore, when we order products and/or services from you, we will provide you with a timetable. This timetable identifies our required delivery dates for the products and/or the dates on which we need you to complete the delivery of the services. We expect that you meet these dates. If you fail to do so you will immediately be in default. We are not going to send you a notice of default nor are we required to do so.
- 3.2 If the timetable applies to the delivery of services, we may change the timetable during the delivery of the services provided we will pay for any direct, reasonable and demonstrable costs (excluding any loss of business, revenue, profit, goodwill, savings and turnover) that are incurred by you because of such change.
- 3.3 For each calendar day exceeding the date specified in the timetable you owe us a late charge. We can collect this late charge immediately from you without judicial intervention or prior notification of default being required. The late charge per day will be equal to 0.5% of the total value of the purchase order, with a maximum of ten (10%) of the purchase order amount. The late charge does not imply or otherwise prohibit us from

claiming actual damages from you in relation to your default.

4. PRICE

4.1 In exchange for the delivered products and/or services we will pay you the purchase price that is displayed on the purchase order. This price is fixed and binding for the duration of the agreement. If you require a different price you will need us to agree to modify the purchase order with the updated pricing. The purchase price will be presumed to include all:

- (a) import duties, customs and excise duties, levies and taxes;
- (b) license and royalty fees for the use of intellectual property rights and industrial property rights;
- (c) the costs related to packaging, transport, storage, insurance and delivery of products; and
- (d) any other costs not included in the line-up above, which we are required to pay prior to being enabled to take delivery of and/or make use of the purchased products or services.

5. INVOICING AND PAYMENT

5.1 The most effective way to submit your invoices is in the following in order of preference;

- (a) via an e-invoicing platform (PEPPOL, SDI, NEMS, etc);
- (b) at invoices@anotherstar.com in UBL or XML format; or
- (c) at invoices@anotherstar.com in PDF format.

*Paper invoices are not accepted unless these are required by applicable law and regulations.

5.2 As a matter of principle, bank charges are always shared, unless explicitly agreed otherwise in writing, in which case these costs must be marked up in the invoice. *Bank charges in the European Union are always shared pursuant to mandatory law.

5.3 Without an invoice we are not able to pay you. So make sure you send us one. Your invoice will need to include the following minimum information ([Invoicing guidelines](#)):

- (a) our purchase order number;
- (b) addressed to the legal entity that issued the PO;
- (c) information by which we can identify you: your company name, address, contact person, commercial/company registry registration number;
- (d) the line items on the invoice need to match 100% with the line items stated on the PO;
- (e) state the invoice amount excluding VAT and the invoice amount payable including VAT;
- (f) currency;
- (g) name of the Another Star requisitioner of the PO;
- (h) state the hotel or other delivery address to which the products were delivered, at which the services were performed or in relation to which the products and/or services were provided;
- (i) the date on which the purchased products were

delivered and/or the services have been performed;

- (j) invoice date and invoice number;
- (k) your bank account number;
- (l) payment term and due date;
- (m) an adequate description of what we purchased from you. The description needs to identify the volume and the nature of the products and/or services that we purchased;
- (n) VAT amount and percentage;

and any other information that current and future laws or regulations require you to put on an invoice. If you have failed to include the information described in this article 5 we can use that as a valid reason for late payment. Such late payment will not mean that we have defaulted on our payment obligations.

5.4 You can only invoice us after the date of the delivery of your products or the performance of your services unless otherwise mutually agreed in writing. Unless you have failed to adequately perform your obligations pursuant to the agreement, we will pay your invoice within forty-five (45) days after having received it.

5.5 If we pay you too late, you can't immediately charge interest and out of court collection costs. You will first need to send us a notice of default by which you provide us a further fourteen (14) days to pay the outstanding invoice to finance@anotherstar.com. In the unfortunate case that we then still fail to pay you, you can charge us an interest rate that is equal to 50% of the legal maximum rate of interest of the applicable jurisdiction. If permitted under the law of the applicable jurisdiction, you can then also charge out of court collection fees provided you have actually made the costs that these fees are supposed to cover and they are not recoverable otherwise for you.

5.6 We may set off any due amounts with amounts that we can claim from you or from one of your affiliates.

5.7 Payment by us does not imply a waiver of any of our rights and cannot be regarded as constituting an acknowledgement or acceptance by us of the conformity of the delivered products and services with the order and does not release you from any liability in that regard.

5.8 To keep our accountant happy we require that you submit any invoice to us within six (6) months after the delivery of the products or the performance of the services. Your right to payment of such invoices will lapse if your invoice is received by us outside of this term.

5.9 You may only suspend the performance of your obligations in the situation whereby you have sent us a notice of default for an overdue invoice by which you gave us another fourteen (14) days to pay it and we haven't remedied this default. This of course presumes that we did not have a valid legal reason for not paying or withholding payment of this invoice.

6. BREACH

6.1 When you materially breach any of your obligations, we can terminate the agreement unilaterally in whole or in part, by means of a written notification to you. To avoid any misunderstanding, you and we agree that you have committed a material breach if:

- (a) we are unable to use rooms and other guest facilities in our hotels because of your default;
- (b) our commercial reputation has been harmed by your default;
- (c) you have breached your warranty obligations pursuant to article 20 and have not been able to timely remedy the breach;
- (d) you have missed agreed service levels;
- (e) you, your directors, officers or employees have offered, promised, given, authorized, solicited or accepted any undue pecuniary or other advantage of any kind (or implied that they will or might do any such thing at any time in the future) in any way connected with the agreement and/or you have failed to prevent subcontractors, agents or any other third parties connected with the agreement from doing so;
- (f) you, your directors, officers or employees have acted in violation of the Responsible Procurement Principles as described in article 15.3;
- (g) you have not completed a CSR survey as described in article 15.4 or you have not discussed in good faith or have not implemented all possible related improvements you could make to your services and operations;
- (h) you, your directors, officers or employees have acted in violation of any applicable anti-bribery, anti-corruption, or anti-kickback law, including the Foreign Corrupt Practices Act ("FCPA");
- (i) you, your directors, officers or employees have not acted in compliance with all economic and trade sanctions imposed by a governmental organisation of the United States, the European Union and its Member States, Hong Kong, the United Nations and/or any other sanctions that are applicable to you or you, your directors, officers or employees are involved in in any activity that could expose us to a breach of such sanctions;
- (j) you are, or are owned fifty per cent (50%) or greater in the aggregate or controlled by, or your directors, officers or employees are a person, organisation or entity designated on the OFAC list of "Specially Designated Nationals and Blocked Persons", or any other list of targeted persons issued under any sanctions referred to in article 6.1(i); or
- (k) other circumstances exist which reasonably justify that we terminate the agreement as a result of your default.

6.2 If article 6.1 applies, we may also perform or have a third party perform part of your obligations if and when this is appropriate. If we elect to do so you will pay for all associated costs. For example, our service

organisation may repair products that you have failed to repair.

7. TERMINATION OF THE AGREEMENT

7.1 Without prejudice to any other provisions governing termination (premature or otherwise), we may dissolve the agreement extra-judicially, effective immediately, without any other notice of default being required and at no cost to us, in the following cases:

- (a) if, as evidenced by a court measure to that effect, you may be reasonably be considered to be broke (in legalese: insolvent), likely to become insolvent in the near future or someone has attached a significant part of your assets which renders you incapable to perform your obligations pursuant to the agreement;
- (b) if you get a new owner or if the control over your company is transferred to another person or legal entity;
- (c) if you have been in a situation of force majeure for a consecutive period of thirty (30) days; or
- (d) if a custom product or service was not accepted by us.

8. INTELLECTUAL PROPERTY RIGHTS, USE RIGHTS

8.1 You guarantee to us that any products, services or deliverables that you have delivered or provided to us do not infringe any patent, copyright, design right, trademark right or other absolute right of any third party. If such a claim is issued to us, you will defend us against it as soon as we have informed you of its existence. If it costs us money, you will fully reimburse us for that money.

8.2 Any drawings, specifications (and other materials that we present to you are our intellectual property and will continue to be so. We expect that you mark them as such immediately upon your receipt. When we terminate the agreement, you will need to return them to us free of charge.

8.3 We presume that every product, service and deliverable is transferred to us unencumbered in ownership. If we do need a license right you will, upon delivery of the product, service or deliverable, be deemed to have granted to us a worldwide, irrevocable, non-exclusive, royalty free right, which may be sub-licensed by us, to use the product, service, deliverable or the relevant part thereof, on a day-to-day basis in our hotels and in other Another Star locations worldwide. This includes the right to make the products, and, where relevant, the services and deliverables available for use by our hotel guests. We generally don't require that you assign any of the intellectual property rights in the products, services or deliverables to us. This is different when we ask you to develop a new or improved design element, product, service or other deliverable for us or when we develop a new or improved product, service or deliverable together. If that is the case, you are deemed to have

transferred all intellectual property rights associated with such design element, product, service or deliverable to us and, if asked by us, you will execute a deed of assignment. You will not make public, inform, share or in any other manner make any of such intellectual property available to a third party without our agreement.

- 8.4 If as a result of a third party claim we are effectively barred from using the products, services or deliverables, you will procure from the claimant at your expense a worldwide, irrevocable, non-exclusive, royalty free, sub-licensable license right for our benefit which enables us to continue to use the products, services or deliverables.

9. CONFIDENTIALITY

- 9.1 Our confidentially requirements are straightforward:
- (a) keep the nature of our relationship confidential. This means that you will keep any interaction with us confidential, even if it is just that you went for a coffee with one of the local staff members. We don't want the Another Star magic to be disturbed. Think about Disney World, no one wants to know it is actually John a scrawny 18-year-old who is in the Goofy suit;
 - (b) If we provide materials to you, you can only use those materials for the benefit of performing your obligations. When we request you to do so you will return all of these materials to us free of charge. If you use a subcontractor, make sure he behaves in accordance with these confidentiality rules. If he does not you will bear all associated risk.

10. WAIVER OF RIGHTS

- 10.1 If by any chance you fail to perform in accordance with the agreement, or are delayed in doing so, you are not off the hook. No waiver of any provision of your agreement will be effective unless we waive the provision in writing. Our failure to require the performance of any term or obligation of the agreement, or the waiver by us of any breach of the agreement, will not prevent any subsequent enforcement of such term or obligation or be deemed a waiver of any subsequent breach.

11. TRANSFER; THIRD PARTIES

- 11.1 We selected you as our supplier. That means that we require that you perform the obligations and not someone else. You are also not supposed to transfer the agreement and its rights and obligations to a third party or pledge it. If you would like to have it differently you will need to get our prior written approval.
- 11.2 If we do give you a written permission to use subcontractors, you will be liable for their non-performance as if it was your own. You will also procure that subcontractors will adhere to all requirements and conditions in these conditions.

12. LIABILITY

This does not preclude our liability for damages that are the direct result of the gross negligence or wilful misconduct of our senior management.
- 12.2 You will be liable for, defend against and will indemnify and hold Another Star harmless from and against any and all losses, damages, claims (including third-party claims), actions, liabilities, costs and expenses (including reasonable attorneys' fees) arising out of or in connection with your (i) negligence, recklessness or wilful misconduct, (ii) breach of any duty, representation, warranty or covenant, (iii) violation of non-contractual obligations towards Another Star or third parties or (iv) violation of applicable laws and regulations.
- 12.3 For the purposes of this article 12 third parties include our personnel, third parties that we have directly or indirectly engaged, and personnel of such third parties.

This includes professional liability, product liability and third-party liability and strict statutory liability. When we request you to do so you will present us with all of the applicable insurance certificates.
- 13.2 We will be entitled to demand that the insurance policy or policies list us as co-insured, principal and as beneficiary and that the insurers simultaneously waive their right of recourse, and that the insurers have the right to directly indemnify us and/or third parties that we designate. At our request, you will demonstrate that you are not behind with your insurance premiums.

14. FORCE MAJEURE

- 14.1 It can always happen that you are not performing your obligations pursuant to the agreement for reasons not attributable to you (in legalese: a force majeure situation). If this happens you will notify us in writing immediately about the situation and the circumstances that gave rise to it. Events that are not deemed to constitute force majeure are strikes and labour disputes; illness of employees; liquidity and solvency problems; interruption of operations or energy supply; inadequate production capacity; computer or telecommunication failure; import or export bans; defects of equipment and/or materials used by you; actions and omissions from third parties engaged by you (including

- subcontractors); changes in applicable laws and regulations that were reasonable foreseeable on the date of our agreement.
- 14.2 We expect that you bear the risks of the non-performance by any of your suppliers and subcontractors. You can't invoke this article if they default irrespective of the reason for such default.
- 14.3 You will have an active obligation to take all reasonable measures to take away a situation of force majeure. We may expect from you that you have immediately started taking these measures upon the date on which you notified the situation of force majeure to us.
- 15. COMPLIANCE WITH LAWS; ESG**
- 15.1 You will at all times conduct your business and corporate affairs in accordance with all applicable laws and regulations, including all applicable laws and regulations relating to anti-bribery and anti-corruption.

- 15.3 By entering into an agreement with us you agree that you, your directors, officers and employees will comply with the Responsible Procurement Principles and that you, your directors, officers and employees will act in accordance with the spirit of the Responsible Procurement Principles. You can find these rules on our website www.anotherstar.com. If you would like to receive a written copy of the Responsible Procurement Principles, we are happy to provide these to you. - 16.3 You will provide your staff with protective equipment, such as safety goggles, safety boots and helmets and tools required to perform the obligations under the agreement.
- 17. DATA PROTECTION**
- 17.1 If the services involve your processing of personal data of our customers or employees, we will present you with a separate data processing agreement. If we have failed to do so article 17.2 will apply instead.

The product will be accepted by us if it meets the specifications provided to you. If the acceptance test fails, you may correct the defects that we have found in the product and present a subsequent version to us for acceptance. You will do so within thirty (30) days after the date on which the product has failed the acceptance test. If the product fails the second acceptance test, we can terminate the agreement at no cost to us. The acceptance test process will be mutually agreed upon.
- 19.4 We will be entitled to any copyright, patent right or design right that vests in custom products. To the extent needed to have these rights assigned to us, you agree to unconditionally cooperate with us to complete and execute all required legal paperwork, including but not limited to a deed of transfer. In the absence of your cooperation you hereby unconditionally provide us with a legal mandate to do this on your behalf.

This includes a right for us to inspect and test semi-finished products or finished products (or have them inspected and tested) before the time of delivery. Inspection or testing is meant to give us more assurance on the expected quality of your performance. It does not mean that you are no longer required to give a warranty or that you are otherwise no longer liable for any non-performance.
- 21.2 We expect that you test and inspect each product prior to delivery to us. You will maintain records of such inspections for a period of no less than three years after the date of delivery.
- 21.3 If we reject products that have been delivered to us, we will notify you immediately of this rejection. You will consequently immediately repair or replace the products that have been delivered to us, at our option.

Therefore, when you package products you will use neutral packaging materials without printing, and reuse packaging materials as much as possible. Packaging materials will be suitable for reuse or

We are entitled to reject any deliveries that do not comply with these requirements.

23. DELIVERY; TRANSFER OF OWNERSHIP AND RISK

23.1 You will deliver the products to the agreed Another Star delivery address. If this means that the products will need to be imported into the country of the delivery address, you will take care of the customs documentation in your name and for your own risk and pay for any associated customs and excise duties and other government related duties. We only pay the purchase price, any costs of whatever nature connected with the delivery of the products is presumed to be included in the purchase price.

23.2 Prior to the delivery you will provide us with complete and adequate documentation about the products, including handling and storage instructions, forwarding documents, certificates of authenticity (not exhaustive e.g. all applicable certificates of authenticity, compliance with local codes and fire regulations in the country of delivery), all written data relating to relevant governmental regulations, such as data regarding the safe handling, storage, usage and disposal of the products in the country of delivery.

23.3 The products are for our risk starting from the date on which we have taken delivery of them. The ownership of the products is transferred on the date on which we have paid the relevant invoice. You are presumed to have transferred the ownership unencumbered without any lien or attachment. If we have refused to take delivery of the products for example because they do not meet the specifications, the products will remain for your risk.

23.4 Products that we provide to you for repair, handling or processing will be at your risk during the period in which

they are being repaired, handled or processed. You agree to waive your right of retention in relation to such products in our favour.

24. SERVICE REQUIREMENTS

24.1 For the duration of the agreement and for a period of five years thereafter, you will maintain a service organisation which effectively enables you to repair or replace a product on site at an Another Star location within a time frame of five days after having been notified of the breakdown.

24.2 We will be entitled to have our internal service organisation handle repairs of products. For this purpose, you will train members of the service organisation that we designate to you in performing these repairs free of charge. In addition, you will maintain an online knowledge base or other information source which our service organisation members can access to support them when performing repairs. For products that are covered by a warranty you will pay for the actual repair costs. If and to the extent spare parts are needed to perform repairs you will make a spare part stock available for use at our locations.

24.3 If we repair a product we will notify you in advance of our intention to do so and of the nature of the defect in the product.

25. PRODUCT WARRANTY OBLIGATIONS

25.1 For each product you will provide us with a warranty. The warranty involves that you will be liable for any defects that occur in the product during the applicable warranty period. The warranty period starts on the date of delivery of the product to us. If the product is a component part of another product the warranty period will start on the date that the other product has been put into use by us. A standard warranty period of two (2) years will apply unless we have agreed otherwise with you.

25.2 A defect is any non-conformity of the product with the agreement. We will notify you of the existence of a defect in writing as soon as we have become aware of it. Each notice will contain the nature of the defect and the Another Star location where the defective products are located. During the warranty period you will remedy any defects free of charge within a reasonable term after having been notified by us. This obligation does not exist if you can show to us that the defect has been caused solely by our improper use of the product.

25.3 Products that are portable and can easily be replaced will be collected by you for repairs at the relevant Another Star location in exchange for a temporary replacement product. All other products will be repaired on site at the Another Star location where the relevant product is located.

25.4 In case a product with a defect is part of a batch of products that have been delivered to us and the same defect shows up in at least ten percent (10%) of this

batch, this defect qualifies as an epidemic defect. In case of an epidemic defect you will service all products that have been part of the batch to ascertain that the same defect does not show up in the other delivered products. In case of a large batch of products (20+ units) you will first present us with a written service plan and related timetable for approval prior to commencing the service.

25.5 As soon as the replacement or repair is completed and accepted by us a new warranty period will commence in respect of that replacement or repair.

26. IMPORT AND EXPORT REGULATIONS
